

SOAPkidz Mountain Challenge

The SOAPkidz Mountain Challenge

SOAPkidz empowers vulnerable children in Africa by connecting them to nature. What better way to do this than by giving underprivileged children an opportunity to experience our magnificent Drakensberg.

SOAPkidz, together with the Magaliesberg Section of the MCSA, are giving five girls from the Tshwane Home of Hope the opportunity to experience our magical Drakensberg mountains, whilst learning about team-work, endurance, self-respect and respect for oneself and nature.

In order for them to train and adapt, several day-hikes as well as multi-day hikes have been arranged. During their first hikes in Faerie Glen Nature Reserve on 2011/03/06 and 2011/03/12, their excitement was obvious and contagious.
